### **Hedge Funds Rock for Charity**

More than 500 hedge fund officials gathered to watch some of their colleagues jam at **Planet Hollywood** in New York last week during the first annual *Hedge Fund Rocktoberfest* charity event. The bash featured live performances by cover bands from several firms including **Paloma Partners Management, Moore Capital Management, The Rohatyn Group** and **Lazard Asset Management**. Attendees gathered around the stage and danced to the blues, Motown and rock while enjoying a large buffet and open bar. The event raised over \$150,000 for [A Leg To Stand On](#), an organization that helps children with limb disabilities in developing countries.
